Dear Mr. Bailey,

I want you to know that our church is most appreciative of the professional way in which John Madsen, Insurance Claims Specialist for McCallister Custom Building and Colonial Roofing, recently worked with our insurance adjuster in resolving a major roofing claim on our behalf.

After our buildings suffered extensive damage during last year's hurricanes, we were quite concerned about how we would be impacted by the claims it appeared that we would need to make. Mr. Madsen relieved our concerns as he negotiated professionally and effectively with our insurance adjuster. We are greatly pleased with the results he was able to achieve.

We now look forward to the timely replacement of all our roofs by your company.

Sincerely,

Winford L. Hendrix
