Dear Glenn,

Once again I want to thank you for a job well done at the Lighthouse Resort & Club. We have worked together for over 15 years and as always you came through for me. From the small jobs to the very large jobs and the emergency's in between you have been there in a most professional manner.

I applaud your entire staff for the consistent work ethics shown on the job sites. Please feel free to have any prospective clients contact me as a personal reference.

I look forward to working with you again in the future.

Sincerely,
