To: All Staff and Employees:

I want to thank all of you for the rapid response we received from Colonial Roofing after hurricane Wilma.

The temporary repairs were started and finished within a few days after the storm, the workers that were here did a great job of completing the repairs and cleaning up before they finished for the day.

All too often we seldom take the time to say thank you, but let me assure you that the owners and board members at Olde Hickory Verandas 456 appreciate what you did for us.
