Dear Mr. Rakos and Mr. Bailey,

We have been meaning to write this letter to you since our roof was completed a couple of months ago, but are just getting around to it now. We are very pleased with the work that was done and like the roof very much.

We especially appreciate the work of Trevor Carr. He was very thorough in checking the work that was done and immediately took care of any concerns we had. He was very knowledgeable and clearly and patiently explained answers to each question we had. We thank him for his kindness and help. We think you have a good man working for you and wanted you to know.

Sincerely,

Cynthia Anderson & Robin Hancock
