January 15, 2005

Dear Colonial Roofing,

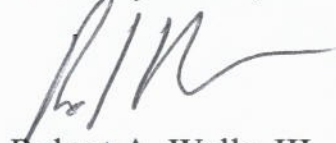

I want to write a letter of thanks to your company & crew for the outstanding job that you did for us at the Tarpon Lodge.

Following the overwhelming destruction of Category 4 Hurricane Charley on 8/13/04, we were in a horrible situation, along with so many others in our region. The tremendous damage left us in a precarious place, knowing that if we didn't act fast and get the right kind of help, the initial landslide of problems would simply snowball into a much worse scenario.

Even in a state of shock, as we surveyed our catastrophic mess, we at least had enough wits about us to turn to Colonial Roofing. Your prompt response and professional course of action gave us great relief!

Tarpon Lodge will continue to do business with a reputable company like Colonial Roofing, and we will happily recommend your services to all other potential customers.

Sincerely Yours,

Robert A. Wells, III
General Manager
Tarpon Lodge & Restaurant
