To whom it may concern:

If you are considering hiring Colonial Roofing for your roof needs, I would like to tell you that they did an absolutely tremendous job for our community. We needed all new roofs after hurricane Charlie and began taking bids from various contractors. From start to finish their staff showed us nothing but professionalism. The Gerard roof that we purchased has gotten us dozens of complements. We are very satisfied with our roofs and the services received from Colonial Roofing. They are truly experts in their field.

Please do not hesitate to call me if you have any questions at all.

Sincerely,

Tina M. Kafcas  
President  
Villages of Ascot
